

GREATER ATLANTIC RESCUE DOGS

ACTIVITY BOOK

TIPS FOR KIDS

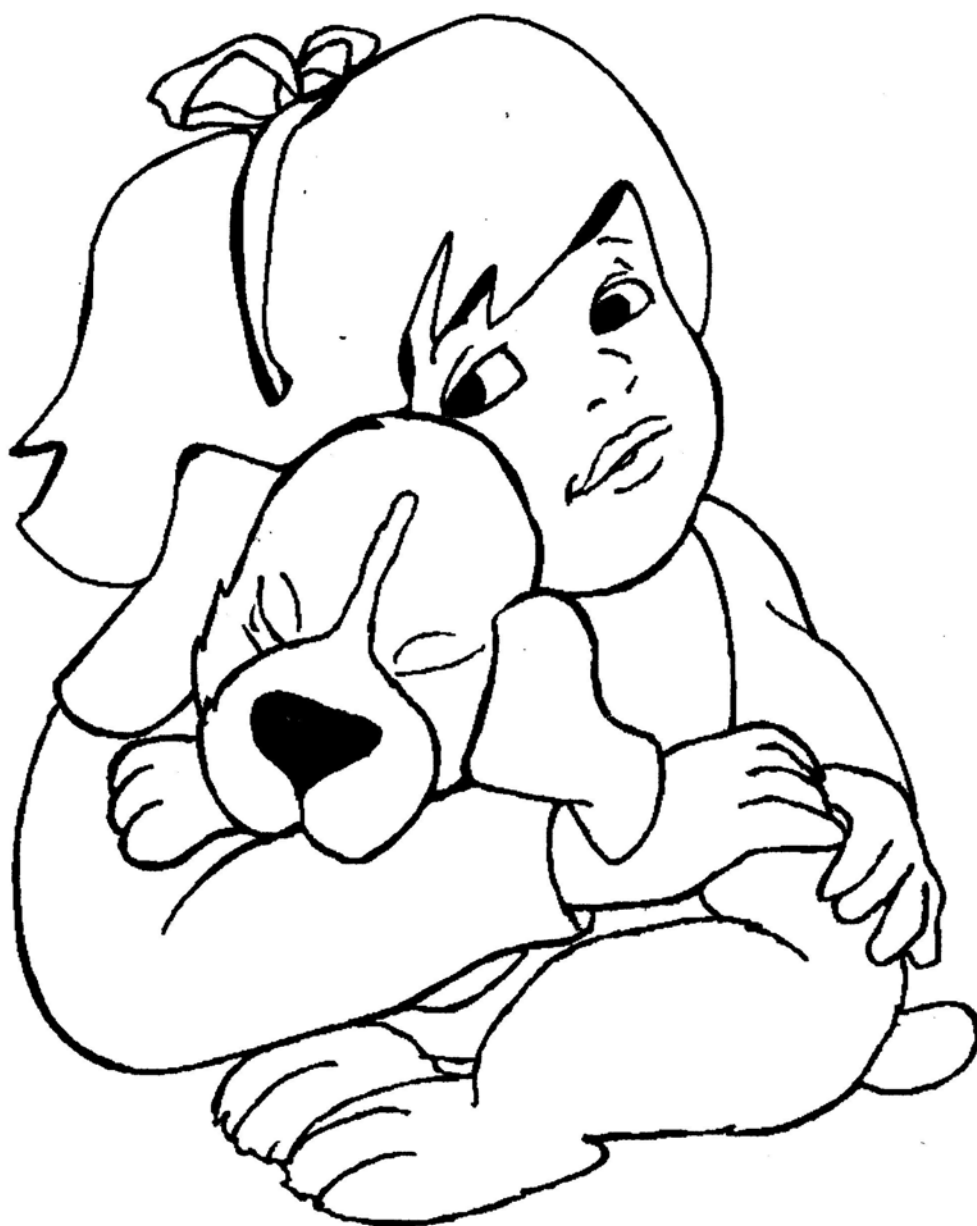

ALWAYS stay with your parents or tell them where you are going and when you are going to return. This helps if you become lost!

STAY on well-marked paths. This will help you from becoming lost or help to find you!

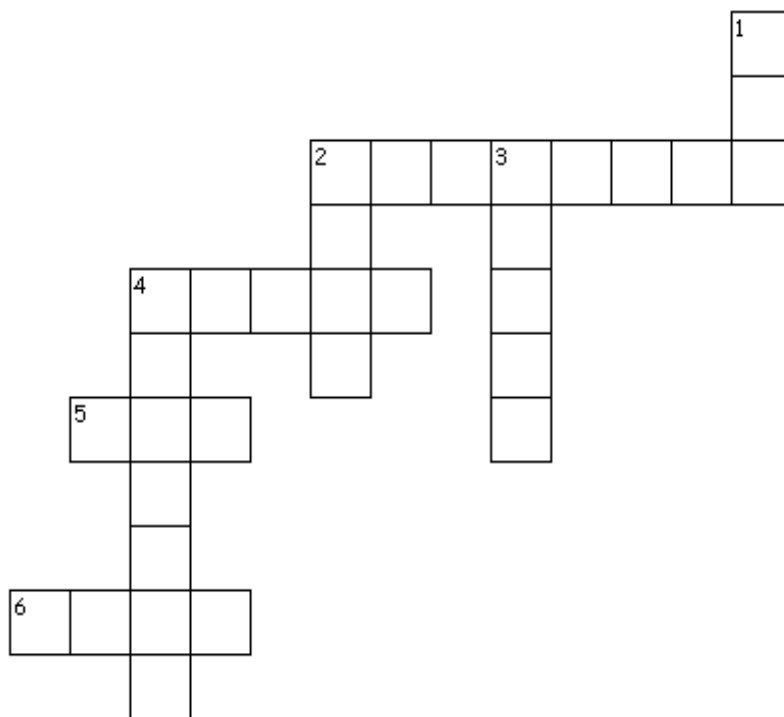

CARRY a fanny pack with some much-needed supplies to help you if you become lost. Supplies to carry are: a trash bag, a whistle, a brightly colored bandanna, a snack, and some water. A trash bag can be used to keep you warm and dry. Put a hole in the bottom for your head and put on like a raincoat! Use a whistle to signal for help. It requires less energy than yelling and can be heard farther away. Water is not always clean so carry fresh water and a snack!

IF YOU GET LOST, STAY IN ONE PLACE. Find a comfortable spot next to a tree and stay there. The tree will provide shelter and will help you feel better. **DON'T** hide! If you see someone looking for you it is probably someone from a search team or someone who can help you. Make yourself **BIG** by tying your bandanna to a tree branch; this makes it easier for searchers to see you. **STAY CALM!** If you hear a noise that frightens you **YELL** your name. Animals are more frightened of you. Always wear bright colored, warm clothing. Remember, your parents won't be angry with you for getting lost. They will be proud of you for knowing what to do to keep yourself safe while lost.
